Jennifer,

Is there any chance that you and Pete have a few minutes available to discuss the proposed Pre-Design Investigation for OU1 at the New Cassel Hicksville Groundwater Contamination Site? We have a few questions about data gaps and the investigation approach. Obviously, we just want to focus on technical issues. Anytime after 10:30 AM on Thursday (April 21) would work well for us. We have a deadline of May 2 to submit our comments on the PDI, so I think we would prefer to get call scheduled earlier rather than later.

Thanks,  
-Andy
